

**BUILD A SUSTAINABLE FUTURE
LEAD THE GLOBAL GREEN TRANSITION**

BLUE STAR TECH

PTE. LTD.

WHO WE ARE

We are a **one-stop provider** of green technology and solutions, specializing in energy conservation and auditing, emissions reporting and sustainability solutions. With close to 20 years of experience in the Southeast Asia and Asia-Pacific region, we have delivered **over 2,000 low-carbon solutions** and developed sustainable plans for **more than 70 industrial parks and economic zones**.

EXPERTISE & SERVICES

At Blue Star Tech, we provide a full range of services to meet the unique needs of facilities aiming to decarbonise. Our team of industry experts is ready to support your journey towards a sustainable future.

Energy Audits & Solutions

Thorough energy consumption and efficiency assessment with optimization strategies to reduce consumption and costs.

GHG Reporting & Solution

Comprehensive GHG emission reporting and baseline inventory services, offering tailored solutions to reduce emissions and achieve sustainability goals effectively.

Carbon Footprint Reporting

Accurate quantification and reporting the carbon footprint of your products.

Greenhouse Gas Verification/Validation

Independent verification & validation of greenhouse gas emissions for compliance & transparency.

Carbon Trading & ESG Assessment

Guidance on carbon market participation & comprehensive ESG performance evaluations.

**LEAD THE GREEN
REVOLUTION EMPOWER A
NET - ZERO FUTURE**

OUR COMPETITIVE EDGE

Proven Success

- Successfully delivered over **2,000** low-carbon integration solutions.
- Completed **80+** energy-saving projects across various sectors.
- Ongoing support for **300+** enterprises, organizations and industrial parks.
- Completed over **260** carbon verification projects, ensuring high-quality results and client satisfaction

Our Experts

Mr Wu Zhiyong

Founder & CEO

Mr. Wu Zhiyong, MBA from Nanjing University, has 20+ years experience in sustainable development, specializing in carbon neutrality, energy efficiency and green transition. He drives low-carbon planning and promotes practical solutions via innovation and international cooperation across the Asia-Pacific.

Dr. Zhou Nan

Chief Technical Expert of the Advisory Committee

Dr. Zhou Nan is a Senior Scientist at Lawrence Berkeley National Laboratory, specializing in energy efficiency and net-zero systems. She previously led the U.S.-China building energy efficiency initiative and was a lead author of the IPCC Sixth Assessment Report.

Global Experience

We have 20 years of experience in the Asia-Pacific region and collaborated with over 10 international organisations. We have also played a key role in advancing sustainable development initiatives across more than 70 economic zones.
